Sir,

Referring to Government Proceedings No. 4020 dated 10th Ultimo, R.F. 174-92 declining to sanction the grant of a fresh land in lieu of the Inam land belonging to the Venkataramana Swami Temple in the Jodi Lukkondahalli village of the Hoskote Taluk, rendered unfit for cultivation, I have the honor to submit, with due deference, for reconsideration of Government that the order now passed, if passed in British India, the Government of which is not interested in the maintenance of Temples, would be quite appropriate. It would be perfectly [redacted]table in the Brit

Government to treat Temple Inams as Gomia or personal Inams and distinguish them from Service Inams, such as those of Totis.

2. But I understand that His Highness the Maharajah's Government is interested in the Religious Service at Temples not merely to see that the trust-property is properly applied, but also to see that service at recognized Temples does not cease.

3. If my view is correct, I think the order now passed calls for reconsideration. If an Inam attached to a service which the Government wishes to be continued is lost-whether from natural causes or by act of Government, its restitution becomes necessary.

(1.) Letter No. 319, dated the 5th October 1892, from the Deputy Commissioner, Bangalore District.

Referring to Government Proceedings No. 4020—R. F. 174-92, dated 10th ultimo, declining to sanction the grant of a fresh land in lieu of the Inam land belonging to the Venkataramanaswami temple in the Jodi Lakkondahalli Village of the Hoskote Taluk, rendered unfit for cultivation, I have the honor to submit with due deference for reconsideration of Government that the order now passed, if passed in British India, the Government of which is not interested in the maintenance of temples, would be quite appropriate. It would be perfectly justifiable in the British Government to treat Temple Inams as Yomia or personal Inams and distinguish them from Service Inams such as those of Totis.

2. But I understand that His Highness the Maharaja's Government is interested in the religious service at temples not merely to see that the trust property is properly applied, but also to see that service at recognized temples does not cease.

3. If my view is correct, I think the order now passed calls for reconsideration. If an Inam attached to a service, which the Government wishes to be continued, is lost whether from natural causes or by act of Government, its restitution becomes necessary.

4. The Vernacular file is herewith enclosed for reference and return.

(2.) Proceedings of the Government of His Highness the Maharaja of Mysore (Revenue), dated 10th September 1892.
